To the Bryant Family

As I see the poster announcing the upcoming golf tournament in honor of Bailey, I am reminded and over-whelmed at the difference this little baby girl's too-brief life on earth has made for other infants and their families.

I can think of no other baby who has touched so many families' lives, who has allowed the gift of safety to be given to their babies. Families from so many cultures and nations have been honored by hearing and sharing your daughter's story. Her car seats have been given to people from Iowa, Missouri, New York, Minnesota, Wisconsin, Colorado, China, Sudan Ethiopia, Bosnia and Mexico.

In her honor and memory, the stress of parents not knowing where to find a premie car seat, not having time to search, or the stress of not being able to afford one is eased away.

It seems so small to thank you and your family for all you do for the NICU families at Mercy Hospital. Your gifts to our parents are deeply appreciated by the families and the staff. We will continue to share Bailey's story. Babies will continue to leave the NICU safely because of your special way of honoring your daughter.

Sincerely,

*Terry Simms,
LISW*
